OPEN FOR BUSINESS

**Bloomberg
Business**

April 8, 2020

Dear Business Owners, Company Executives, Managers, Media Buyers and Employees:

The last few weeks have been difficult for all of us. Our fellow Americans and the people of every country have suffered from lost businesses, lost jobs and far worse, lost loved ones to the Covid-19 virus. We will get through this difficult time together!

I know thinking about advertising with the current state of our community maybe far from your mind right now. But thousands of people are still listening to radio to stay informed and entertained, particularly our radio stations. They listen on the radio, on our live stream, our apps, and on home speakers like Alexa. So here's an affordable opportunity to let the public know you are open for business, with special incentives and safety precautions for your customers. Plus all new orders will come with a bonus advertising schedule for the charity of your choice, whom all still need our help to promote their causes.

Stay safe and in good health!

**Ron Cohen
